LOC 39901 454GM ANTI SEIZE ZNC

## Features

Product Multiple

1

Zinc Anti-Seize is a smooth, homogenous mixture of zinc dust and petrolatum. It prevents seizing during assembly or disassembly of threaded or unthreaded metal joints--particularly if these metal joints involve aluminum or aluminum alloys

Zinc Anti-Seize also provides corrosion protection for both aluminum and ferrous metal (iron Base) components.

Within a metal threaded connection, it acts like an "internal galvanize" using the electrochemical properties of the zinc dust to protect iron surfaces.

extreme wear.

## Specifications

SupplierCode

10632133

Application

Automotive, Construction, Electrical, Industrial, Manufacturing, Mining, MRO

Brand

Loctite
